

Bamba Tram Sunrise Run: The Bridge at First Light

DURATION**1-2 Hours****FROM****USD 100 per person****MINIMUM****2 travellers**

An early tram run out onto the Victoria Falls Bridge before the day gets going. Open-sided carriages, the gorge on both sides, and the Falls catching the first light. Gentle, scenic and genuinely suitable for all ages.

Itinerary

1**Boarding at the station***Victoria Falls Bridge*

Boarding is at the Victoria Falls end, with the tram made up of open-sided carriages so the views are unobstructed from both sides. Early departure means cool air and the best light of the day.

2**Out onto the bridge***Victoria Falls Bridge*

The tram runs slowly out onto the Victoria Falls Bridge itself, stopping on the span. The Batoka Gorge drops away on both sides and the spray of the Falls is usually catching the sunrise upstream.

3**On the span***Victoria Falls Bridge*

Time on the bridge to photograph the gorge, the river below and the bungee platform at the centre. Guides talk through the bridge's construction and its place on the Cape to Cairo route, which is a better story than most people expect.

4**Return run***Victoria Falls Bridge*

The tram runs back to the station. Because it is gentle, early and short, this pairs well with a Falls tour later the same morning rather than filling the day.

What's included

- Tram ride
- Refreshments
- Transfers

Not included

- Gratuities

What to bring

- Warm clothing
