

Devil's Pool: Swim the Edge of Victoria Falls

DURATION**3hrs****FROM****USD 215 per person****MINIMUM****3 travellers**

A guided swim to the natural rock pool on the very lip of Victoria Falls, on the Zambian side. You sit at the edge with the river going over beside you. Runs in low water season only, when the rock shelf is safely exposed.

Itinerary

1**Livingstone Island crossing***Victoria Falls, Zambia*

A short boat transfer from the Zambian bank out to Livingstone Island, which sits in the Zambezi at the top of the Falls. The crossing is above the lip, which is itself the part people do not expect.

2**Guided walk and swim out***Victoria Falls, Zambia*

Guides lead you across the rock shelf and into the water. The swim to the pool is short but the current is real, which is exactly why this is only ever done with the guides who know the shelf and never on your own.

3**At the lip***Victoria Falls, Zambia*

The pool is held in by a natural rock rim at the very edge of the Falls. A guide holds you while you look over the drop, which is where the photograph everyone has seen comes from. Time in the pool is managed in small groups.

4**Season and conditions***Victoria Falls, Zambia*

This runs in low water season only, typically around August to January, and the exact window moves with the river each year. If the water is too high the pool is closed, with no exceptions, and we will say so before you book rather than after.

What's included

- Guided Devils Pool experience
- Boat transfers

Not included

- Park fees
- Visas

What to bring

- Strong swimming ability

Ready to book, or want this tailored?

Prices are per person and depend on season, group size and availability. Tell us your dates and we will confirm a firm quote, adjust the route, or combine this with another trip.
