

Tandem Zip Line: Race the Gorge Side by Side

DURATION**1 Hour****FROM****USD 162 per person****MINIMUM****3 travellers**

The Batoka Gorge zip line flown as a pair, launched together on parallel trolleys. Same speed and same view across the Zambezi, with the small competitive edge of watching who gets to the far side first.

Itinerary

1 Kit and pairing

Zimbabwe

Both riders are harnessed and helmeted, and the crew set you on the line together. Weights are noted, because the heavier rider will usually carry more speed across the middle of the gorge.

2 Launch together

Zimbabwe

You leave the platform at the same moment on a shared count. Unlike the tandem swing there is no freefall, so this is the gentler of the two paired activities and suits people who want the gorge without the drop.

3 The run

Zimbabwe

A fast crossing high over the Zambezi with your partner alongside you the whole way. Being able to see someone else at the same height is what makes the scale of the gorge land properly.

4 Braking and walk back

Zimbabwe

Both riders are braked in at the far anchor by the crew and unclipped on the platform, then walked back along the rim to the start. Photographs are taken from the launch side and from the line itself, and are available to buy afterwards.

What's included

- Safety gear
- Instructors

Not included

- Photos
- Gratuities
- Park fees
- Transport

What to bring

- Moderate fitness
