DURATION	FROM	DESTINATION	MINIMUM

Itinerary

1

Bike fit and route brief

Victoria Falls, Zimbabwe

Bikes and helmets are fitted and adjusted, and the guide sets out the route and the pace. The terrain is mostly flat and the pace is conversational, so a moderate level of fitness is enough.

2

Through the town

Victoria Falls, Zimbabwe

The ride works through the town centre and out into the residential areas, past the market, the schools and the places people actually use. The guide is a local and the commentary is the point as much as the riding.

3

River paths

Victoria Falls, Zimbabwe

The route picks up the paths along the Zambezi above the Falls, with stops at viewpoints over the river. Game does move through this area, so the guide sets the rules on spacing and stopping before you reach it.

4

Return to town

Victoria Falls, Zimbabwe

Back into town to return the bikes, with recommendations for lunch and for anything you spotted on the way round and want to come back to.
